Software Development & QA: REST API Integration, Functional Testing, Debugging, Documentation, Agile Development

Soft Skills: Problem-solving, Communication, Teamwork, Adaptability, Attention to detail, Time Management

PROFESSIONAL EXPERIENCE

Freelance Web Developer Present

Remote Jan 2025 - Present

- Designed and deployed 5+ responsive websites for small business clients using HTML, CSS, JavaScript, and Figma, achieving an average client satisfaction rating of 100%.
- Implemented SEO-friendly code structures, improving site visibility and accessibility across browsers and devices.
- Translated UI/UX prototypes into interactive interfaces using modern frameworks, reducing load times and improving user retention.

Software Developer Intern (OJT)

Remote/Hybrid

San Miguel Corporation

Jan 2025 - April 2025

- Developed and optimized a Document Management System (DMS) using React, TypeScript, Laravel and Tailwind
 CSS, improving file access speed and system usability by 20%.
- · Collaborated with cross-functional teams using GitHub and Jira, ensuring timely task completion under Agile sprints.
- Produced technical documentation and test reports, debugging and improving onboarding for future developers.

RELEVANT PROJECTS

File Management System (Capstone Project)

Jan 2025 - May 2025

- Led front-end development of a full-stack DMS using React (TypeScript), Laravel, and PostgreSQL.
- Conducted testing and evaluation based on ISO/IEC 25010 software quality standards, ensuring maintainability, usability, and performance compliance.

Smoke Alarm Detection System

Jan 2024 - May 2024

- Created a Flutter mobile interface integrated with Firebase Cloud for real-time IoT smoke detection alerts.
- Coordinated with hardware and software teams to ensure reliable signal transmission and accurate data monitoring.

E-commerce Web Platform System

Aug 2023 - Dec 2023

Graduation Date: Aug 2025

- Built a web-based shopping site with cart, checkout, and PayPal integration.
- Designed intuitive user flows and checkout modules, improving task completion rate by 25% based on testing feedback.

EDUCATION

Technological Institute of the Philippines

Quezon City

Bachelor of Science in Information Technology - Cybersecurity Track

- Awards: President's Lister (1x), VPAA's Lister (2x), Dean's Lister (3x)
- GWA: 1.57
- Relevant Coursework: Web Development, Mobile Development, HCI, UI/UX Design, Software Testing, Cyber Threat Modeling,
 Penetration Testing, Networking, Database Design & Management, Data Analytics & Warehousing, SAP Business Warehousing
